5.30pm Guest Speaker – Paul Ash - Private Trader, Educator and Victoria ATAA President
Topic: 'Understanding and Trading Futures@

Paul has been involved with Futures trading for over 13 years, 10 years as a Futures Broker. His interest in Futures grew from his learning about technical analysis and W D Gann.

He will explain what a share trader needs to know to truly diversify into the world of the Futures market. How to use technical analysis to make Futures trading as risk controlled as possible.

6.05pm: Notices and Announcements

6.10pm Guest Speaker: **Phil Anderson** - Managing Director Economic Indicator Services

Topic: "The Secret Life of Real Estate : Why traders need to understand it to maximise their trading profits."

For this presentation, Phil will briefly outline once again the history of the 18 year real estate cycle, and why this is so important to stock and commodity markets. Then he will outline a little of what can be expected for markets over 2009 and into 2010, with

- discussion of how past real estate cycles completed, then moved into the new cycle,
- what to look out for as the cycle moves, related in particular to the stock market, and finally
- a brief look at how this fits with the next upside for the 5th Kondratieff wave.

Phillip J Anderson is Managing Director of Economic Indicator Services (EIS), an economic forecasting service operating out of London and Melbourne. EIS is the world's foremost authority in the area of business, real estate and commodity cycles. Subscribers to the service are educated to the movements of these cycles in the economy, none more important than the real estate cycle.

7.30pm: **Dinner will follow the meeting at The Swiss Club** at 89 Flinders Lane, Melbourne.

Dinner tickets must be purchased at the meeting. Cost \$25. Details at meeting.
